About PARSA:

About PARSA:

PARSA's mission is to train and develop Afghan leaders who support Afghan communities and civil society by providing and facilitating innovative and impactful programs. PARSA envisions an Afghanistan led by committed Afghan leaders who are dedicated to and capable of caring for all members of society. PARSA has been working at the grassroots level in Afghan communities since 1996. We have consistently evolved over the years to meet the changing needs of the people we support. We believe strongly in empowering visionaries who want to make positive changes in Afghan communities, and the programs we take on are led by a PARSA leader with a vision.

Job Description:

Are you ready to reconnect with your community and develop skills that will help you make a positive impact in Afghanistan while working to set a pathway for yourself to economic independence? Brothers 4 Brothers International is offering a unique training opportunity for Afghan men who want to build on their experiences in Europe and leverage those skills to contribute to Afghan society. Through this program, participants will receive targeted training, mentorship, and support to help them reintegrate into Afghan society, use their knowledge and experiences in meaningful ways, and work towards a pathway to economic independence though employment or entrepreneurship training.

[illegible]

Job Requirements:

Program Benefits:

• A structured program focused on reintegration, community building, and personal development
• Mentorship and guidance on how to apply your unique skills in service to your community and to your own success
• Skills training sessions to enhance your ability to find sustainable income, either through permanent employment or starting a small business
• The opportunity to work alongside peers with similar experiences and goals

:[illegible]

[illegible]

Eligibility Criteria:

• Have spent at least two years abroad in Europe and returned to Afghanistan within the last five years
• Currently facing challenges in finding stable income or fully reintegrating into Afghan society
• No current job or business
• Ready to commit to a regular schedule and actively engage in the program four days per week
• In sufficient mental and physical health to actively engage in program activities and complete assigned tasks effectively.

:[illegible]

Ideal Candidate Profile:

This apprenticeship is ideal for individuals who are motivated to connect with a community, develop meaningful skills, and seek support in navigating the challenges of reintegration. We are looking for participants who are eager to develop professionally and personally, committed to contributing to their communities, and motivated to take accountability for their own success. Successful participants will demonstrate dedication to the program and a strong drive to apply the skills and knowledge they gain. Candidates should be ready to engage in a collaborative environment, willing to learn and contribute, and open to being part of a structured development process.

:[illegible]

Submission Guideline:

If you are ready to take a positive step towards on your reintegration pathway, please fill out this form which asks for brief details on your background, reasons for joining the program, and any challenges you currently face in reintegrating.

This is an exciting chance to work on your personal development with the support of a community committed to your growth and success, while using what you've learned abroad to make a difference here at home and to work towards your own success. Apply today and start your journey with Brothers 4 Brothers International!
